*Proceedings of the Chief Commissioner of Mysore in the General Department,
(Judicial),—dated 16th April 1880.*

READ—

Letter No. 370, dated 28th March 1880, from the Deputy Commissioner, Shimoga District, reporting that instances have occurred of the Police detaining prisoners longer than the prescribed period of 24 hours on the ground that the Magistrate's Court was closed for holidays or Sundays or that the prisoners arrived at the Head quarter Station after office hours, and that in such cases the prisoners are usually confined in the Taluk Lock-up without the warrant of the Taluk Magistrate who is in charge of the Lock-up, and recommending that a definite rule be laid down for the conduct of the Police in such cases.

No. 325—J. 2, DATED 15TH APRIL 1880.

ORDER.—It is evident that, if a prisoner is brought to Court when the Court is closed, there is no alternative for the Police but to keep him until the Court opens. If the Taluk Lock-up, though under the supervision of the Amildar, is actually accessible to the Police and is the most convenient place in which to lock up the prisoner in such cases, the Chief Commissioner sees no objection to this being done. The hour of the prisoner's being so confined in the Taluk Lock-up should, however, be carefully noted by the Police and reported to the Magistrate.

READ—

Letter No. 19, dated 22nd January 1880, from the Deputy Commissioner of Shimoga, suggesting that the Madras and Bombay Governments be moved to prevent ingress of foreign vagrant gangs into Mysore.

Letter No. 79, dated 6th April 1880, from the Deputy Commissioner of Mysore, forwarding, as desired, passports taken from a gang of Beluchis who lately visited that District.

No. 419—JUDL. 5, DATED OOTACAMUND, 16TH APRIL 1880.

ORDER.—The Chief Commissioner postponed passing orders on the Shimoga Deputy Commissioner's letter above read until he could obtain passports, which had been given to the Beluchi gang whose wanderings had given rise to the reference. There is no occasion to write to the Governments of Bombay and Madras urging in general terms the observance of Government orders in the matter of foreign vagrants, for these orders have been quite lately circulated and attention has prominently been called to the subject.

2. It is said that the Beluchis held passports from District and other Magistrates, but enquiry having rapidly engendered suspicion they have made away with all but a few passports. The Chief Commissioner regrets to find that almost all of those now forwarded have been issued by Taluk Magistrates in this Province. Two are of old date, but the Amildars of Tarikere, Lakvalli, Channarayana, Attikuppa, Nanjangud and Ashtagram have all issued passports subsequent to the Circular of the Inspector General of Police, No. 532—21 of 14th July 1879. It is very unsatisfactory to find that orders so recently issued, on which so much stress has been laid, too, should be so lightly regarded, and the Deputy Commissioners of Districts are requested again to enjoin on Amildars and all Police Officers their duty as set forth in the above quoted circular.

3. The instance given by the Deputy Commissioner, Shimoga, does not seem to call for interference. It does not appear that the officer, of whom he makes mention, gave the gang any passport, or that the gang itself had given him any cause to interfere and stop its progress. The Deputy Commissioner will observe that interference is only necessary in case of misbehaviour, and that obstruction to the progress of the vagrants or imposition of Police escort are alike forbidden so long as their conduct does not render necessary action under the Criminal Procedure Code or the Vagrants' Act.

No. 352—F. 10, DATED OOTACAMUND, 12TH APRIL 1880.

ORDER.—The attention of Heads of Departments is invited to addendum No. 5 to the Codes of the Department of Finance, which prescribes the rule quoted in the margin in the place of Rule 6 under Section 84 of the Civil Pension Code.

The authority receiving the application must invariably record his own opinion whether the service claimed has been established and should be admitted or not; more especially in those cases in which it becomes necessary to resort to the procedure prescribed by Rule 5, when the exact nature of the investigation made, and the conclusion at which the authority has arrived, must be specifically reported.

2. In all future applications for pension or gratuity, the authority receiving the application should invariably record, as point 6 under "Remarks by Head of Office" at page 3 of the application, his "Specific opinion whether the service claimed has been established and should be admitted or not."

Proceedings of the Chief Commissioner No. 10382—Genl. 207, dated 13th February 1879, issuing rules for the registration of Vital Statistics in Rural Circles and calling for a special report of the working of the same for the six months from April to September.

Read the special reports received from the Deputy Commissioners.

No. 337—G. 101, DATED OOTACAMUND, 8TH APRIL 1880.

ORDER.—In the reports received from the Deputy Commissioners some have compared the figures for the six months after the introduction of the new rules with those for the six months immediately preceding, while others have taken the same period of the preceding year, the result is that an accurate comparison of the numbers of births and deaths registered according to the new and old systems, for the whole Province, under similar circumstances, cannot be arrived at, still the results given in the following table admit of some general deductions.

Number of births and deaths registered in six months under the former and present systems:—

District.	Former System.		Present System.		Increase.	
	B.	D.	B.	D.	B.	D.
Bangalore	1,869	4,301	4,416	6,021	2,547	1,720
Kolar	574	4,363	4,021	5,291	3,447	928
Tumkur	346	2,951	2,122	4,874	1,776	1,923
Mysore	301	1,026	1,026	1,351	725	325
Hassan	300	2,090	2,979	6,896	2,679	4,806
Shimoga	1,094	4,621	3,613	5,944	2,519	1,323
Chitaldroog	612	3,558	2,638	4,662	2,026	1,074
Kadur	424	3,527	2,068	4,520	1,644	993
Total.....	5,520	26,467	22,883	39,559	17,263	13,092

2. It is well known that the numbers both of births and deaths which have been registered in Mysore have fallen far short of the reality, and that the error is much greater in the case of births than deaths. It is always more difficult to secure accurate statistics of births than of deaths; it is therefore satisfactory to find that while in every District the numbers of births and deaths registered have increased, there is in nearly every one a much greater increase in births than in deaths; and on the whole the increase in births registered is much greater than the increase in deaths. The Deputy Commissioners of Bangalore and Kolar appear from their reports to have taken a greater personal interest in the matter than any of the other Deputy Commissioners, and the returns from those Districts show the best results.

There is still, however, room for improvement in all, and in no District have the births nearly equalled the deaths. Until that occurs, and occurs frequently, no reliance can be placed upon the registration. Deputy and Assistant Commissioners must then continue and increase their vigilance in this matter, and strive to render the statistics correct. It will be necessary most carefully to guard against falsification and untrue multiplication of these domestic recurrences. A perfunctory examination of registers and an expression of approval when numbers are large will surely lead to that result unless the accuracy of the registers be always tested by actual enquiry of the head of the family in whose house a birth or death is said to have occurred. Considering the size and population of the Mysore District, its returns appear to be still very wide of the mark and the Deputy Commissioner is requested to pay special attention to this.

3. So far as can be judged the rules will work satisfactorily. Further experience may probably lead to the suggestion of improvement, but so far as modifications have been proposed the Chief Commissioner is not prepared to admit the

expedience of them. It has been suggested that the Police should co-operate and keep check registers, but Mr. Gordon is decidedly averse to the Police having anything to do with the matter. It is of the utmost importance that the collection of these statistics should be rendered as little irksome and as little inquisitorial as possible, and any interference on the part of the Police would defeat those objects: and for that reason, if for no other, the Village Patel is the officer who should be primarily responsible for keeping the registers. It is unfortunately true that the Patels, as a rule, are illiterate weak men with very little influence in their villages, and completely under the control of the Sthanbhog, but it should be the aim of Government to emancipate them from this thralldom and raise them to the status which the head of the village should occupy, which indeed the Mysore Patels, at one time, attained to; and this will assuredly not be done by giving in to the first difficulty and acknowledging that the Patel cannot be responsible for so simple a work as keeping the birth and death registers.

MYSORE CHIEF COMMISSIONER'S OFFICE,

Dated Ootacamund, 16th April 1880.

FROM

W. J. CUNINGHAM, Esq., B.O. C. S.,
Secretary to the Chief Commissioner of Mysore.

TO

*The Secretary to the Government of India,
Foreign Department*

SIR,

I am directed by the Chief Commissioner to bring to the notice of the Government of India that the approaching restoration of Mysore to Native Rule calls for an early decision of the question of the future administration of Coorg, and on this subject I am to offer the following remarks and suggestions.

2. Coorg, since the expulsion of the Raja in 1834, has been under the Commissioner (more recently Chief Commissioner) of Mysore who has been also Commissioner or Chief Commissioner of Coorg. On the restoration of Mysore, there will be no longer a Chief Commissioner of that Province, but a British Officer will be appointed as Resident at the Court of the Maha Raja of Mysore. Under these circumstances it appears to Mr. Gordon that in providing for the Government of Coorg there are but two courses open; either to place the Province under the Resident at Mysore, who should then be appointed Chief Commissioner of Coorg also, or to incorporate Coorg into the Madras Presidency.

3. The former plan, I am to say, recommends itself to Mr. Gordon as preferable on the following grounds. It will cause the least change and disturbance in the existing arrangements for conducting the business of Administration; and Mr. Gordon believes it will accord with the wishes alike of the Coorgs and of the influential and ever increasing body of European planters in that Province. In 1862 when the re-organization of the Mysore Commission was proposed by Mr. Bowring and sanctioned by Government, Coorg was made into a District of the Ashtagram Division of Mysore, but this provoked such a strongly pronounced expression of the feelings of the Coorgs, that the arrangement

From Commissioner of Mysore, No. 2, dated 20th May 1863, to the Secretary, Government of India, Foreign.

From Secretary, Foreign Department, No. 369, dated 26th June 1863, to the Commissioner, Mysore.

was reversed. Mr. Gordon is satisfied that it would be just as distasteful to the Coorgs of to-day to have Coorg formed into a District of Madras. The circumstances under which the British Government assumed the administration of their country, render these desires of the Coorgs quite intelligible, whilst their steady loyalty, unswerving attachment, and valuable assistance to the British Government in troublous times past are additional reasons for compliance with their wishes when this can be done without disadvantage to general public interests.

4. Independently too of the inclinations of its inhabitants, the government of Coorg by the Mysore Resident will prove, Mr. Gordon believes, the most convenient arrangement that can be come to. The Province is small and easily managed, it measures only 1,572 square miles, contains a population estimated at 168,312 souls, has no large towns, Mercara the largest having a population of only 8,146, and it comprises only 6 taluks and 512 villages. Mysore is adjacent to it, and all parts of Coorg are easily accessible from Mysore, and only from Mysore. One peculiar and important advantage too, which the administration of Coorg by the Resident at Mysore presents, is the comparative facility with which all questions connected with the coffee industry would be disposed of, for Coorg depends mainly on Mysore for its labor.

5. In case the views which Mr. Gordon has above expressed should commend themselves to the Government of India, I am directed to submit the following sketch of the principal modifications which will be rendered necessary in establishments, leaving the submission of detailed proposition statements, until the Government of India have decided the main question whether Coorg shall be retained under the Government of India and administered by the Resident at Mysore or shall be transferred to the Government of Madras.

6. The Resident at Mysore being also appointed Chief Commissioner of Coorg, some small share of his salary should be as a matter of form debited to the Revenues of Coorg. His Secretary who will also be Secretary for Coorg may also be partly paid by that Province. Hitherto, however, no part of the salary of the Chief Commissioner of Mysore, or of his Secretary, has been debited to Coorg. The present office establishment for the Chief Commissioner of Coorg can be placed, as it is, under the Resident.

7. The Judicial Commissioner of Mysore is now in the position of the High Court, except as regards European British subjects, for Coorg, and as long as the First Judge of the High Court about to be formed for Mysore remains an English Civil Servant of the British Government, he might with advantage continue to be also Judicial Commissioner for Coorg. In that case some proportion of his pay should be provided by the British Government, and an arrangement should be made at the time of the restitution of Mysore, to this effect. The work of the Judicial Commissioner of Coorg is very light, and hardly felt in addition to his duties as Judicial Commissioner of Mysore. An average of five years only gives one civil regular appeal (including miscellaneous), ninesecond appeals (also including miscellaneous), sixteen criminal appeals, and twenty-two criminal revision cases annually.

8. If this suggestion be regarded on technical grounds as not free from objection, there remain two alternatives; either the Resident at Mysore and Chief Commissioner of Coorg may be appointed Judicial Commissioner of Coorg as well, or the Madras High Court may be given jurisdiction throughout Coorg, in all cases, as it now does exercise jurisdiction with regard to European British subjects.

9. The office of Superintendent of Coorg should be retained. The Superintendent should exercise revenue powers of a Collector directly under the control of the Chief Commissioner, as he does now. In civil jurisdiction he may retain the powers conferred upon him by the Coorg Courts' Act XXV of 1868, and in criminal matters he should be the Sessions Judge as well as Magistrate of the District, in which latter capacity he need never try nor commit for trial. At present the Session Judge of the Ashtagram Division of Mysore is Session Judge for Coorg too, but that is an arrangement which, of course, cannot be continued after the restoration. For the Superintendent, who now receives Rs. 1,200 a month, with his increased powers and responsibilities, Mr. Gordon would suggest a salary of Rs. 1,500 as suitable and not excessive.

10. The present 1st Assistant Superintendent is a Military Officer who was a First Class Assistant Commissioner in the Mysore Commission and as such drew Rs. 800 a month. While employed in Coorg the difference between his pay and Rs. 600, the sanctioned scale for the First Assistant, was made up from Mysore, and at present that sum is being paid as compensation for loss of employment in the Mysore Commission under the orders of Government in the Foreign Department No. 2391, dated 29th October 1878. Considering the important work this officer will have to do in connection with the ever increasing European community in Coorg, the Chief Commissioner desires me to say that he could not recommend a smaller salary than Rs. 800 a month. The 1st Assistant Superintendent should, Mr. Gordon thinks, be divested of all civil judicial powers and he might be made the Magistrate of a Division of a District, thus relieving the Superintendent of as much magisterial work as possible, while leaving to him, at the same time, the general control of his District in this, as in other matters.

11. The Courts of the 2nd Assistant Superintendent and of the Subedars and Parpattegars may remain as defined in the Coorg Courts Act, an amendment of which in some respects may perhaps be required.

12. The items of increase in expenditure, which are proposed above, are but small, the addition to the salaries of the Superintendent and the 1st Assistant aggregating 6,000 rupees a year only, and this the Province is well able to bear. Coorg yields a surplus of nearly two lakhs of rupees, and it has an expanding revenue. The surplus too is calculated after making allowance for expenditure on account of the Mercara Garrison, which, it is understood, if the recommendations of the Army Commission be adopted, will be greatly reduced if not altogether saved in future. I am to ask for an early decision of the question herein submitted for the consideration of the Government of India.

I have the honor to be,

Sir,

Your most obedient Servant,

W. J. CUNNINGHAM,

Secretary.

*Proceedings of the Chief Commissioner of Mysore in the Revenue Department,
(Revenue),—dated 15th April 1880.*

READ—

Letter No. 706—293 of the 16th March 1880 from the Commissioner, Nagar Division, with enclosures.

No. 350-9—Mis. 67, DATED BANGALORE 15TH APRIL 1880.

ORDER THEREON.—In the above letter, the Commissioner reports on the results of the revision of the Division, District and Taluk Establishments in the Nagar Division, made by him in accordance with the orders conveyed in the Chief Commissioner's Proceedings No. 3745-55—315 of the 17th October 1879.

2. In the Division Commissioner's Office, the English and Revenue Departments are abolished, and the Judicial Establishment required for the District and Sessions Judge's Court has been placed on the same footing as in Nundydroog, with the addition of a Jamedar on Rs. 12 and 2 peons at Rs. 7 each sanctioned in Proceedings No. 7379—515 of the 17th January 1880,

3. The District Establishments of all the three Districts have been placed on the same scale as that sanctioned for Kolar and Tumkur with the following modifications :—(1) The pay of the Head Clerks of the Shimoga and Kadur Districts has been fixed at Rs. 100 each instead of Rs. 80. (2) In the Revenue Department of the Shimoga and Kadur Districts, instead of one Sayer and Muzrayi Accountant on Rs. 20, two Sayer Accountants on Rs. 35 and 20, and an additional hand on Rs. 15 for muzrayi work in Shimoga are provided. (3) The number of Revenue Accountants on Rs. 25 provided for the Kadur and Chitaldroog Districts is one less. (4) The Treasury Establishment and the office peons of the Shimoga District are placed on the scale sanctioned for Bangalore.

4. Establishment on the full sanctioned scale is provided for one General Assistant Commissioner in each of the three Districts and a smaller establishment of two Munshis on Rs. 35 and 25 with five menial servants for the 2nd Assistant Commissioner in the Shimoga District.

5. The Taluk Establishments in all the three Districts are placed on the same footing as in Kolar and Tumkur, one Revenue and one Magisterial Gumasta on Rs. 15 each being allowed additionally for the Shimoga Taluk alone. Two 1st class Sheristadars on Rs. 50 are provided for the Shimoga District and one for each of the Kadur and Chitaldroog Districts. The Chief Commissioner however does not see sufficient reason for increasing the existing taluk establishments in the taluks marginally noted to the full scale sanctioned for the larger taluks, which gives them an increase of three hands each, two Gumastas and one Assistant Munshi. These taluk establishments may be reduced by one Gumasta on Rs. 15 and one Assistant Munshi on Rs. 12 each, reducing them to the scale provided for some of the minor taluks in Hassan. The Commissioner is requested to arrange accordingly by pensioning the older hands and dispensing with the promotions given to some of the Raktavans and Dafterbands as Taluk Assistant Munshis and Gumastas. The taluk establishments throughout the Province would still be large and may hereafter admit of reduction by a Gumasta in all the taluks.

6. The establishments for the Sub-Judges' Courts in the three Districts have been revised in accordance with the orders conveyed in Proceedings No. 7344—512 of the 16th January 1880, and those of the Munsiffs' Courts remain unaltered. The Registration Establishments have been left as they were before the revision.

7. The results of the revision are given in the accompanying abstract statement. The number of superior hands in the Departments affected by the revision has been reduced from 416 to 364 and the menials from 313 to 230. The saving amounts to Rs. 3,185 per month or Rs. 38,220 per annum. This is exclusive of the Revenue Maramat Establishments previously abolished.

8. The Special Sayer and Abkari Establishments, the Shekdars, Taluk Peons and Travellers' Bungalow Establishments as well as the small separate establishments kept in the District Office for Municipal and Local Fund work are not included in the statement as they have not been brought under the revision, though some of them may require investigation hereafter.

9. Forty-two superior officials are recommended for pension in connection with the reduction, and 21, almost all menial servants, are marked for gratuity. The amount of pensions which will have to be granted is estimated at Rs. 734 per mensem, thus absorbing for the present about one-fourth of the saving effected by the reduction. Some explanation is required as to why Nagadi Gumasta Raghavendra Rao of the Dodderi Taluk, who is only 33 years of age is recommended for pension. The inferior menial servants thrown out could, it is believed, be easily provided in the Police and other Subordinate Establishments in which vacancies are frequent. They should be recommended for gratuity only in cases in which they are physically unfit for work by reason of old age or sickness.

10. The Chief Commissioner is strongly opposed to the grant of personal allowances. They will however

will cease on his being pensioned. In the event of Mr. Hay being otherwise provided for with reference to a separate application made on the subject by the Deputy Commissioner, B. P. Mascarenhas may be promoted to his place, and the personal allowances in both cases may be saved. 75, there is no occasion for a personal allowance to him. No personal allowances are necessary in the cases marginally noted in which the loss of pay is inconsiderable.

11. The Chief Commissioner notices several cases in which acting incumbents appointed but recently and consequently having no claims to confirmation, have been appointed to Taluk Sheristadarships or other posts on Rs. 50 and 40. By some re-

arrangement in these cases somewhat in the manner suggested in the accompanying memorandum for consideration, the Chief Commissioner hopes that the necessity

of personal allowance to the officials marginally noted may be avoided.

12. With reference to the list D of officials still remaining to be provided for, the Chief Commissioner will make early arrangements for appointing K. Ramachandra

Rao, (No. 1), Manager of the Division Office, to an Amildarship. The Commissioner should arrange to find Ramachandra Rao, No. 9, a Taluk Sheristadarship or other appointment on Rs. 50 by a re-arrangement of the appointments as already referred to. The officials noted in the margin may be pensioned unless appointments can be found for any of them at once. Ramappa, No. 5, and

Anantaramaiengar, No. 3, who have very short service, may now be dispensed with and hereafter provided with minor appointments on vacancies occurring.

- The individuals marginally noted may be retained as supernumeraries for a period not exceeding six months, within which time it is hoped that appointments may be found for them.

 - No. 10. Shama Rao, Maramat Accountant, Chitaldroog District, Pay Rs. 25.
 - No. 13. Mahomed Pastaghir, Chitaldroog District Nazir, Pay Rs. 30.

13. In conclusion, the Chief Commissioner has much pleasure in again conveying his acknowledgments to Colonel Clarke for the very satisfactory manner in which the revision of establishments in this Division also has been carried out by him.

2. Consequent on the revision of the octroi, recently made, a number of minor articles have been relieved from the duty, whilst the Municipality has been allowed a moiety of the tax on cocoanuts, dry and green, and betel leaves, so that the collections are not materially affected and are entered at nearly the same amount as in last year.

3. The duty on tobacco is to be divided between the Government and the Municipality in the proportion of $\frac{1}{4}$ th to the former and $\frac{3}{4}$ ths to the latter. The Vice President does not explain whether this has been provided for.

4. The proposed levy of duty on imported piece goods and metals has been for the present postponed.

*Proceedings of the Chief Commissioner of Mysore in the Revenue Department,
(Financial),—dated 26th April 1880.*

5. The other items of receipts are entered at the usual amounts and call for no remarks. The Vice President does not explain whether any steps have been taken for the revision of the mohatarfa in accordance with the recent instructions.

6. Under the head of expenditure, the increases marginally noted are sanctioned.

7. The Vice President is requested to explain the necessity for the increase proposed to the pay of the Police Inspector now on Rs. 165 per mensem. The Police charges are already heavy, and any suggestions from the Municipality for reducing the same, without impairing its efficiency, will receive due consideration.

8. The proposed outlay on public works amounting to Rs. 26,450 as detailed in the margin, is approved. Estimates with plans and notifications should be submitted for sanction in the usual course.

against the collections made from the people being needlessly spent on establishments. The establishments under the head of "Conservancy," as noted in the margin, are very large. Separate Inspectors on small pay are now employed in addition to peons for superintending the sweeping establishments in the several mohallas. A report should be submitted whether this system works well, and whether these men may not be advantageously replaced by a single responsible Conservancy Inspector. For this work, the Assessor newly sanctioned, who can have little to do for a greater part of the year, may, perhaps, be made available. The provision of Rs. 115 per month now existing for an Overseer will be required for providing professional supervision for the Municipal works and is therefore transferred to that head.

10. A Committee of the Board might usefully investigate the manner in which the very large establishments of carts, Sweepers, Totis, Changulis and Kamatis are now employed, in order to secure the thorough cleanliness of the Town in the narrow streets and lanes, as well as in the main roads, at a minimum cost. The result of this investigation should be reported. Meanwhile, the addition to the establishment of sweepers, applied for, is conditionally sanctioned.

*Proceedings of the Chief Commissioner of Mysore in the Revenue Department,
(Financial),—dated 26th April 1880.*

11. The lighting charges amount to Rs. 5,500, comprising Rs. 600 for the pay of 10 lamp-lighters on Rs. 5 per mensem and Rs. 4,900 on account of oil, &c. The number of lights should have been stated.

12. Details should also be furnished for the provision of Rs. 500 made under the head "Other Miscellaneous Items."

13. The balance in reserve is considerable ; but it will be hereafter required for the large improvements which the Town stands in need of. A portion of it may be employed for the purchase of the lands, lately sanctioned, for the further extension of the Town towards the Railway.

14. The collections and charges in future should be arranged and entered in detail under the several heads and sub-heads shewn in the table at foot of para 1 above.

15. Subject to the foregoing remarks, the Budget Estimates, under review, are sanctioned.

2. The remarks made in the review of the budget for Cantonment Municipality on the several points noted in the margin also apply to this Municipality.

1. Reduction of the post of Detective Overseer on Rs. 45 and a peon on Rs. 6 per mensem under head "*Octori Collection*."

2. The provision for charitable grants.

3. Development of Municipal resources and economy in expenditure.

3. No time should be lost in carrying into effect the revision of the mohatarfa ordered in Proceedings Nos. 3362-73

—Ml. 161 and 5816-27—Ml. 286 of 27th September 1879 and 2nd February 1880, respectively.

*Proceedings of the Chief Commissioner of Mysore in the Revenue Department,
(Financial),—dated 26th April 1880.*

* Sanctioned Increases.		Rs.	4. The items of increase to expenditure noted in the margin * are sanctioned.

2. Do do a Native Overseer under the head P. W. supervision	24		
3. Do on account of gratuities to Police Peons	500		
4. Do under conservancy for 6 sweepers on Rs. 5 each ...	360		
5. Do do purchase of hand-carts ...	150		
6. Rewards to Impounders, &c. ...	50		
7. Addition of 2 Mul. Commr.'s orderlies	120		
8. Law charges ...	200		
9. Printing, &c., charges ...	200

† Disallowed Provisions.			
(1.) Addition of a peon to the Market establishment ...	60		
(2.) Do do to Head Office ... do	60		
(3.) Increase of Rs. 5 per mensem to the pay of a Clerk in the Office of Munl. Executive Engineer ...	60		
(4.) Municipal Commissioners' Mutsaddi	120		
(5.) Provision for temporary establishment	300		
Total...	600		

5. The marginally † noted items have been disallowed as the reason for the same is not apparent. A Daffedar for a small establishment like the Municipal Office may not be required. If he were changed to a peon, the necessity for an additional peon would be obviated. The single Mutsaddi can be of little use for the Municipal Commissioners scattered over so many Divisions. His pay may be utilized for the additional peons required for the new Municipal Divisions. A separate provision for temporary establishments cannot be needed, now that a separate Engineer for the Pettah has been provided.

6. The increased provision for law and printing charges is allowed to stand. But the necessity for the same should be explained.

7. The original works amounting to Rs. 6,556 which are of an ordinary character are sanctioned. The principal of them are noted in the margin. The estimates with plans submitted, for these, as corrected in this Office, are also sanctioned. No details are given as regards appropriations required under repairs. The reserve provision of Rs. 2,000 for Public Works is also approved.

8. The provision made for compensation, Rs. 2,000, is large, but may be required in connection with the widening of streets. But such contemplated improvements as are likely to involve a large expenditure should be reported for sanction.

9. An increase of Rs. 500 to Police charges is made on account of expected gratuities to Police Constables. With reference to the wishes of the Board to be relieved of a part of the Police charges, their attention is drawn to the remarks made in para 8 of the review on the Cantonment budget which are equally applicable to the Town Municipality. But any suggestions from the Board to secure greater economy in the Police expenditure, without sacrificing efficiency, will always receive consideration.

10. The Budget Estimates as now revised are sanctioned.

No. 491-2—MJ. 32, DATED BANGALORE, 26TH APRIL 1880.

ORDER THEREON.—The estimated receipts and expenditure of the Bangalore Cantonment Municipality for the official year 1880—81 are as noted below :—

No.	Items of Estimated Receipts.	Amount. Rs.	No.	Items of Estimated Expenditure.	Amount. Rs.

				(e) Other miscellaneous items ...	2,708
			XIII	Reserve	4,700
				Total	1,33,983
				Probable Closing Balance.....	2,422

2. The recent modifications made in octroi duties are not expected to affect the collections materially. With reference to the tax on houses and mohatarfa, the President is requested to explain what arrangements have been made for dispensing with the separate mohatarfa and for introducing a uniform system of taxation. The moiety of revenue from kadayam lands creditable to Cantonment Municipality is entered at

Receipts.

*Proceedings of the Chief Commissioner of Mysore in the Revenue Department,
(Financial),—dated 26th April 1880.*

Rs. 3,805, instead of Rs. 3,410 as provided for by the President. The remaining items of receipts are as usual, and call for no remarks.

3. Proceeding next to the estimated expenditure, it is observed that the establishment for the collection of octroi costs about one-eighth of the collections and that for the assessment and collection of house-tax somewhat more in proportion, whilst the establishment maintained for the markets consumes one-fourth of the rents realized. These facts point to the necessity of enforcing economy in establishments. The Chief Commissioner is therefore unable to sanction the retention of the additional establishment of a Detective Overseer on Rs. 45 and a Peon on Rs. 6 which was experimentally sanctioned for last year. The Manager with the large octroi establishment and with the two Detective Overseers on small pay already existing, ought to suffice to ensure the collection of the revenue without evasion.

4. For similar reasons, the Chief Commissioner must decline to sanction the additional establishments proposed, as noted in the margin. With the agency of Kana-kapalks already available for the collections generally, there can be no necessity for a separate establishment for the collection of the tax on bricks and tiles and other miscellaneous licenses; nor is any sufficient reason assigned for the additional establishment proposed in the other cases. The President, from his remarks on the subject, would seem to be influenced by a desire to provide for the men thrown out by the abolition of the establishment given to the Sar-Amin by the Municipality. This would be defeating the object of the reductions made.

1 Do	" 7
1 Sweeper	" 5

Total Rs..... 20

5. The other items of the expenditure call for no special remarks. The head office and conservancy charges and the contribution to the Police are as usual. The lighting charges provide for 400 lamps at Rs. 1—12—0 per lamp per month, inclusive of supervision.

The expenditure now incurred under charitable grants consists only of the vaccination charges. The remainder is merely a provision set apart for charity from the Government assessment of kandayam lands made over to the Municipality not yet utilized. The amount of this is raised to Rs. 1,900 as laid down in para 2 of the Chief Commissioner's Proceedings No. 236-38—Ml. 14, dated 18th April 1879.

It is noted that a provision of Rs. 500 is made for rewards for destruction of snakes in addition to Rs. 200 for killing dogs.

6. Under "Public Works" the provision for "Original Works" amounts to Rs. 15,430. The remainder of the expenditure under the head consists of the ordinary repairs to the Cantonment and suburban roads and to Municipal buildings. The original works proposed, the chief of which are noted in the margin, are of an ordinary character costing small sums. As these have been approved by the Municipal Commissioners, and as plans and estimates for works costing above Rs. 500 now submitted have been also examined and passed by the Executive Engineer, Bangalore Division, the Chief Commissioner accords his sanction to them.

7. Under the head "Miscellaneous," the nature of the item "Hire of carriage for Monday morning inspection" should be stated ; and with regard to the provision made for "Office Rent" arrangements are under consideration for providing the Municipality with a permanent office of its own.

8. With reference to the President's remarks as to the inadequacy of the revenue from liquor licenses to meet the Police contribution in full, the Chief Commissioner observes that the Cantonment Municipality contributes but one-third of the Police charges, and in order to meet this it is allowed in addition to the mohatarfa as in other Municipalities, not only the proceeds of the liquor licenses referred to, but also a moiety of the Cantonment share of the Government revenue on kandayam lands. To improve its finances, therefore, the Municipality should look to economy in expenditure and to the levy of a license fee on carriages and horses (to which attention has before been drawn, but no steps appear to have been yet taken) and to the development of other miscellaneous sources of revenue, such as bandy stands, &c.

9. The budget estimates as now revised are sanctioned and forwarded to the Deputy Accountant General.

*Proceedings of the Chief Commissioner of Coorg, Judicial Department,
1st April 1880.*

READ—

Letter No. 4571—522, dated 11th March 1880, from the Judicial Commissioner, submitting his Annual Report on the administration of Civil Justice in Coorg in 1879.

No. 14—J. 2, DATED OOTACAMUND, 1ST APRIL 1880.

REVIEW BY THE CHIEF COMMISSIONER.—It is shewn in Mr. Sandford's report that the Civil tribunals of Coorg numbered 16 during 1879, being three less than usual. The decrease was in the Courts of Parpattegars, of whom but 5 had civil powers instead of 8 in the year preceding, and as the Judicial Commissioner reports that the Judges of the Subordinate Courts are, in his opinion, underpaid, it is matter for congratulation that the work though heavier than before was done by fewer of the lowest grade judges.

2. The number of suits instituted was 1,990, being 124 more than in the previous year. With pending suits there were in all 2,013 for disposal and of these 1,986 were disposed of and 27 were pending.

3. Out of the decided suits as many as 1,638 were uncontested and in 265 of the 348 contested suits judgment was given in favor of the plaintiff in whole or in part. The Judicial Commissioner has rightly impressed upon the Courts the necessity of caution, when deciding suits *ex parte*, that there should be good proof of service, but it is satisfactory to note that so far as the statistics shew this caution was used and the warning was not required by reason of laxity in procedure, for in only 23 cases out of the large number of 856 uncontested suits which were decreed *ex parte* and dismissed for default, were applications made for re-admission.

4. There is little else in the report that calls for comment, the work appears to have been on the whole satisfactorily done, cases have been decided with sufficient expedition, but an undue number of decisions have been reversed on appeal and it is feared that the subordinate judicial machinery of Coorg is not very strong. The Judicial Commissioner suggests increasing the pay of these Judges and strengthening their establishments, but the annual administration report is not the place to make such suggestions in, nor this review the place for discussing them. Separate representations on these heads will meet with careful attention.

Secretary.
